

Creating a Mastering Biology Online Account

- Go www.pearsonschool.com/access
- Enter the code SSNAST
- Click “Covered Titles” and then choose “Science”
- Choose our book (Campbell Biology In Focus (Urry) 1e AP® Edition MasteringBiology)
- Click Student Registration
- Scroll down and click “I accept”
- Complete Access Information
 - Choose NO (You do not have an account)
 - Create a login and password
 - Note: Use your fortcherry email as your log in
 - firstname.lastname@fortcherry.org
 - Make sure your password is something you can remember!
 - It must have a least one number in it
 - Enter the following access code
 - SSNAST-PATIL-CYNIC-PLUMB-SHAWM-MILES
 - Click Next
- Complete Account Information
 - Enter your first and last name
 - Enter your fortcherry email address (same as login)
 - Fill in your school location information
 - Note: For school name you will have to choose “Other” and then type in Fort Cherry
 - Choose a security question and type your answer
 - Click Next
- Click “Log in Now”
- When asked about your course ID, click YES (You have received your course ID) and enter the following Course ID:
 - FCAPBIO1617
 - NOTE: If you are not asked for this right away, go to the mastering biology site and try logging in, at which point it should prompt you to enter the course ID

Now you can access the materials available online

- eText
- Study Area including practice quizzes/tests, activities, and videos
- Assignments (for those assigned electronically)

When you want to access those materials later on:

- Go to masteringbiology.com
- Click Sign In and fill in your log in and password info
